SUMMARY

With over 4 years of professional experience in software engineering, I am driven to leverage my expertise in frontend technologies to drive product innovation and build user-friendly web applications. My career highlights include developing payment solutions that increase revenue and user retention.

PROFESSIONAL EXPERIENCE

Frontend Engineer
First City Monument Bank
09/2021 - Present
Lagos, NG

- Ensured 100% on-time delivery of projects by optimizing resource allocation using Agile methodologies.
- Increased bank revenue by 8% by leading front-end team that developed payment plugin.
- Built the platform for customers to make investments in the bank.
- Developed a platform that lets non-bank customers buy shares from the bank.
- Developed responsive designs and optimized site performance.
- Implemented security encryption on API implementations.

Frontend Engineer
AMAKA Studio
04/2023 - 10/2023
London, UK

- Designed and developed reusable software components which used in 3 different project with reducing development effort by 50%.
- Boosted user retention by rebuilding landing page and UI.
- Developed scalable web applications using React and TypeScript.
- Translated design mockups into user-friendly applications.
- Integrated RESTful APIs for dynamic data retrieval.
- Implemented state management with Context API.

Frontend Engineer
Vertex Software Corp
03/2021 - 09/2021
Austin, TX

- Successfully delivered 10 development projects from conception to completion.
- Enhanced application accessibility, resulting in an increase in user engagement by updating legacy code.
- Built applications to meet specific requirements such as quick-loading sites with particular layouts.

Software Engineer
Decagon
11/2020 - 03/2021
Lagos, NG

- Developed designs and applications using React and CSS.
- Collaborated with designers for UI design.
- Built landing pages, dashboards, and plugins using React, Typescript, CSS, and Azure.

Software Engineering Intern
Decagon
03/2021 - 09/2021
Lagos, NG

- Developed custom WordPress themes and plugins, enhancing user experience and website functionality.
- Developed web applications with Python.
- Managed databases with MySQL, SQLite, and PostgreSQL.

EDUCATION

Bachelor of Science
University of Portharcourt
2013 - 2018
Rivers, NG

ACHIEVEMENTS

Revenue Growth
Led development of payment plugin, increasing bank revenue by 8% in 2023.

Development Efficiency
Reduced development time by 50% by creating reusable software components.

SKILLS

Tools
React Js · NextJs · Typescript · Javascript · gsap · CSS · HTML · Tailwind · Chakra UI · Material UI · Styled components · Redux · Context API · Angular Js

Operating Systems
Mac OS · Linux · Windows

CERTIFICATION

Scrum Fundamentals Certified (SFC)
SCRUMstudy - Accreditation Body for Scrum and Agile
